

'Unusual Risks'

Compass, the gay financial advisers are very proud to announce the launch of a new insurance brand called 'Unusual Risks' that is specifically for people looking for insurance products in unusual circumstances. The service is specifically designed for those with pre-existing medical conditions, hazardous occupations and higher risk pastimes.

Unusual Risks will utilise Compass's vast experience gained whilst providing financial products to the gay community and people living with HIV to assist people seeking insurance who have been diagnosed with medical conditions. By introducing a separate service the aim is to insure that people are offered focused advice and tailored products for their specialised needs.

Chris Morgan, Marketing Manager of Unusual Risks, Says

'We are very proud to now be offering this new service for people with pre-existing medical conditions. Our advisers have found that insurance premiums and policy conditions can vary widely for people living with pre-existing illnesses. In many cases we have found people applying for insurance have been over charged, or offered terms which can be bettered elsewhere'.

Chris Continued,

'Our aim is to insure that people are offered the fairest deal when applying for Insurance and Mortgage products. We promise to source products from the whole of the market and look at every possible option before recommending products to clients. It is our mission to fight for fairness for all people who need insurance products.'

We have great experience of finding Life Assurance, Income Protection and Critical Illness Cover for people with Asthma, Cancer, Depression, Diabetes, Family History, High Blood Pressure, High Cholesterol, HIV, Overweight, Stress, Stroke, Ulcers. People with pre-existing medical conditions need specialist advice for their circumstances.

Unusual Risks are also promising to help people in hazardous occupations and higher risk pastimes such as Airline Pilots, Ambulance Drivers, Cabin Crew, Camera Operators, Farmers, Fishermen, HGV lorry drivers, and those working at heights. Plus Pastimes abseiling, caving, hang gliding, mountaineering, parachuting, rock climbing, sailing, scuba diving, sky diving.
